

Oxyfresh presents  
**FREEDOM**  
TOUR 2007

# THE TIME IS NOW!

## TAKE ACTION AND ALTER THE COURSE OF YOUR LIFE

Join Oxyfresh Director of Training Janine Avila as she travels across the country to spread the word about what's possible with Oxyfresh. Your guests will be inspired and you will come away with a new energy for your Oxyfresh business — and quite possibly some great additions to your team.

## THE INSPIRATION

### 45 MINUTE OPPORTUNITY SHOWCASE

Janine was consistently recognized for being one of the top recruiters in the nation in one of the largest direct sales companies in the world. She did this with no prior Network Marketing experience. She was serious about her future, since she was raising a family of seven children on her own. Her story is inspirational; her reasons are powerful and common to many. Pack the room with guests as Janine shares why she did what she did and inspires guests to take a serious look at Oxyfresh.

## THE TRAINING

### 1:15 MINUTES OF NUTS AND BOLTS TRAINING

Janine has a belief that anyone with a desire for more and who is willing to do what is necessary can have the life they have dreamed about. She also broke records in training and promoting distributors. She knows how to help you get what you want. How? With a clear understanding of why Network Marketing is for you, and a training system that will show you how to succeed. This is the secret. Janine will be offering one-on-one coaching sessions to leaders in each area by appointment in advance.
